BENEFITING  
 CookChildren's.

Doug Landon started MTTA in 2005 after being diagnosed with testicular cancer. The show debuted in St. Louis, MO (hence the name) and has been going strong ever since. MTTA has since raised over \$800,000 for cancer research.

In 2021 we moved the event to Fort Worth, TX and teamed up with Cook Children's Hospital. This past year we presented them with a check for \$40,000.00! MTTA has also donated funds to the American Quarter Horse Assoc. (AQHA) and the National Snaffle Bit Assoc. (NSBA) crisis fund.

With your support we hope to continue to provide funds to help these wonderful charities.
